「数学特別講義F」

「数学総合講義J(修)」

「解析学特殊講義HⅡ(博)」

Ni Wei-Ming 講師 (ミネソタ大学 教授)

* 期間:

11月13日(火)~ 11月16日(金)

* 時間:

15:00~18:00

* 講義題目:「Diffusion and spatial heterogeneity」

* 内容:

Recently the interactions between diffusion, spatial heterogeneity, and directed movements have been attracting more and more attention. This course is intended to be an introduction to this new and interesting area, and will focus on mathematical analysis of population dynamics models in mathematical ecology.

* 談話会: 11月12日(月)16:00~

Competition, Diffusion and Spatial Heterogeneity

* 場所: 川井ホール
